1. Introduction

The Office of the Administrator of the Fund for Railway Accidents Involving Designated Goods is pleased to submit to Parliament its annual report on the administration of the *Access to Information Act* (ATIA) for the fiscal year commencing on April 1, 2023, and ending March 31, 2024. This report is submitted in accordance with section 94 of the ATIA. The report is tabled in Parliament through the Minister of Transport.

The purpose of the ATIA is to enhance the accountability and transparency of federal institutions in order to promote an open and democratic society and to enable public debate on the conduct of those institutions. In furtherance of that purpose:

- Part 1 extends the present laws of Canada to provide a right of access to information in records under the control of a government institution in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific, and that decisions on the disclosure of government information should be reviewed independently of government
- Part 2 sets out requirements for the proactive publication of information

Our institution became subject to the ATIA on February 12, 2018.

1.1 Our mandate

The Fund for Railway Accidents Involving Designated Goods (the Fund) is a specified purpose account in the accounts of Canada, established under section 153.4 of the *Canada Transportation Act*. The Fund compensates victims of damages caused by a major crude-by-rail accident. Compensation starts after railway companies have paid damages up to the amount required by law. The Fund is financed through a levy, a per-tonne fee, paid by the first federally regulated railway that transports a crude oil shipment in Canada.

In the event of a disaster, the Fund has no limit to how much it can compensate. The Fund also has access to additional federal money through the Consolidated Revenue Fund, should the balance available with the Fund be insufficient to pay all eligible claims.

At this time, designated goods include crude oil, but other goods can be added by regulation.

The Fund is managed by an independent Administrator, who reports to Parliament through the Minister of Transport. The Administrator, appointed by the Governor in Council:

- Acts as an independent authority to investigate and assess all claims filed against the Fund, subject to appeal to the Federal Court of Canada;
- Has the powers of a Commissioner under Part 1 of the *Inquiries Act*;

- Offers compensation to claimants for whatever portion of the claim the Administrator finds to be established and, where a claimant accepts an offer, the Administrator directs payment to the claimant from the Fund;
- Becomes a party by statute to any proceedings commenced by a claimant against the railway companies;
- Ensures records are properly maintained;
- Prepares an annual report on the operations of the Fund, which is laid before Parliament by the Minister of Transport.

2. Organizational Structure

The Director, Corporate Services is the designated Access to Information and Privacy (ATIP) Coordinator of our institution. He is responsible for ensuring that the institution meets its responsibilities under the ATIA by administering the Act and overseeing all related activities.

He is supported by the Research and Program Support Officer, who has about 20% of his time dedicated to ATIP activities. Additionally, the Payroll and Finance Officer and the Executive Assistant are responsible for preparing and posting travel and hospitality expenses as per our proactive publication requirements.

There are no regional ATIP staff.

A consultant provides expert assistance in the area of ATIP on an as-required basis.

3. Delegation Order

Under the ATIA, the Administrator is the designated head of our institution for the purpose of administering the legislation. Section 95(1) of the ATIA authorizes the head of the institution to designate, by order, one or more officers or employees of the institution to exercise or perform any powers, duties or functions of the head of the institution that are specified in the order. The Director, Corporate Services fulfills the role of Access to Information and Privacy (ATIP) Coordinator and has been delegated all authorities in relation to the ATIA.

The Delegation Order was signed on July 13, 2023, and a copy is included in Appendix A.

A more detailed training session on ATIP for all employees was provided by an ATIP consultant. Several employees have also attended the Transport Canada ATIP introduction (ATIP 101) session.

Additional advice and recommendations were provided by a consultant on an as-required basis to management and staff.

Select employees completed additional courses suggested by the Access to Information and Privacy Community Development Office in its “Access to Information and Privacy Learning Booklet.” One employee completed Module A: “Integration to the ATIP Analyst function” of the training program “ATIP – Federal Institutions (ATIPTP-FI),” offered by the Faculty of Continuing Education of the University of Montreal and the Association of Access to Information and Privacy Professionals. 7. Proactive Publication under Part 2 of the ATIA

For the purposes of Part 2 of the ATIA, we are a government institution. The following table lists all the proactive publication requirements to which we are subject.

Legislative Requirement	Section	Publication Timeline

Hospitality Expenses	83	Within 30 days after the end of the month of reimbursement
Reports tabled in Parliament	84	Within 30 days after tabling

Travel and hospitality expenses are posted on the Open Government portal: <https://open.canada.ca/>. Reports tabled in Parliament are published to our website: <https://fraidg.gc.ca>. Seventy-seven percent of proactive publication requirements were posted within legislated timelines.

Draft procedures are in place to define the responsibility and process for ensuring proactive publication in a timely manner. Procedures will continue to be refined in the coming year.

8. Initiatives and Projects to Improve Access to Information

The updates to the new ATIP Online Management Tool were successfully applied. The tool allows us to retrieve ATIP requests to our institution and to provide responses to requesters.

Information security training continued to be completed by all staff, thereby improving information protection practices. Additionally, optional monthly training sessions are offered throughout the year to promote and facilitate adoption of information management practices. This ensures the appropriate capture of corporate records, and improves efficiency and ease of retrieval of the information. This in turn assists the processing of requests under the ATIA. Overall, these sessions were attended by an average of nine staff members (about a third of the complement) per month.

We continue to improve our information management and information technology practices, which are expected to significantly improve ATIP processes and activities, notably the response to requests. New equipment was provided to staff, and additional IT security measures have been adopted, thereby increasing the protection of the personal and sensitive information held by our institution.

9. Summary of Key Issues and Actions Taken on Complaints

Applicants have the right to file a complaint pursuant to the ATIA and may exercise this right at any time during the processing of their request. No complaints or requests for investigation were received during the reporting year.
