1. Introduction

The Office of the Administrator of the Fund for Railway Accidents Involving Designated Goods, operating under the name Ship and Rail Compensation Canada – Rail Fund, is pleased to submit to Parliament its annual report on the administration of the *Access to Information Act* (ATIA) for the fiscal year commencing on April 1, 2024, and ending March 31, 2025. This report is submitted in accordance with section 94 of the ATIA. The report is tabled in Parliament through the Minister of Transport. The Rail Fund does not have any non-operational subsidiaries.

The purpose of the ATIA is to enhance the accountability and transparency of federal institutions in order to promote an open and democratic society and to enable public debate on the conduct of those institutions. In furtherance of that purpose:

- Part 1 extends the present laws of Canada to provide a right of access to information in records under the control of a government institution in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific, and that decisions on the disclosure of government information should be reviewed independently of government
- Part 2 sets out requirements for the proactive publication of information

Our institution became subject to the ATIA on February 12, 2018.

1.1 Our mandate

In October 2024, the Office of the Administrator of the Fund for Railway Accidents Involving Designated Goods was officially rebranded as part of Ship and Rail Compensation Canada, an independent federal office managing two funds: the Ship Fund and the Rail Fund. However, the legal names of the two Funds have not changed as a result of our rebranding.

The Rail Fund is a specified purpose account in the accounts of Canada, established under section 153.4 of the *Canada Transportation Act*. The Rail Fund compensates anyone affected by major rail accidents involving crude oil by providing coverage beyond the liability limits of railway companies.

The Rail Fund is managed by an independent Administrator, who reports to Parliament through the Minister of Transport. The Administrator, appointed by the Governor in Council:

- Acts as an independent authority to investigate and assess all claims filed against the Rail Fund, subject to appeal to the Federal Court of Canada;
- Has the powers of a Commissioner under Part 1 of the *Inquiries Act*;

- Offers compensation to claimants for whatever portion of the claim the Administrator finds to be established and, where a claimant accepts an offer, the Administrator directs payment to the claimant from the Rail Fund;
- Becomes a party by statute to any proceedings commenced by a claimant against the railway companies;
- Ensures records are properly maintained;
- Prepares an annual report on the operations of the Rail Fund, which is laid before Parliament by the Minister of Transport.

2. Organizational Structure

The Director, Corporate Services is the designated Access to Information and Privacy (ATIP) Coordinator of our institution. He is responsible for ensuring that the institution meets its responsibilities under the ATIA by administering the Act and overseeing all related activities.

The Director is supported by the Research and Policy Analyst, who has about 40% of his time dedicated to ATIP activities. Additionally, the Payroll and Finance Officer and the Executive Assistant to the Administrators are responsible for preparing and posting travel and hospitality expenses as per our proactive publication requirements.

There are no regional ATIP staff.

A consultant provides expert assistance in the area of ATIP on an as-required basis. The Rail Fund has expressed an interest in, but is not currently a party to any service agreements under section 96 of the ATIA.

3. Delegation Order

Under the ATIA, the Administrator is the designated head of our institution for the purpose of administering the legislation. Section 95(1) of the ATIA authorizes the head of the institution to designate, by order, one or more officers or employees of the institution to exercise or perform any powers, duties or functions of the head of the institution that are specified in the order. The Director, Corporate Services, fulfills the role of Access to Information and Privacy (ATIP) Coordinator and has been delegated all authorities in relation to the ATIA.

The Delegation Order was signed on July 13, 2023, and a copy is included in Appendix A. The delegation order will be subject to renewal by the new Administrator who was appointed on March 31, 2025.

Additional advice and recommendations were provided by a consultant on an as required basis to management and staff.

Select employees completed additional courses suggested by the Access to Information and Privacy Community Development Office in its "Access to Information and Privacy Learning Booklet." One employee completed Module B: "Perfecting the processing of ATIP requests and complaints" of the training program "ATIP — Federal Institutions (ATIPTP-FI)," offered by the Faculty of Continuing Education of the University of Montreal and the Association of Access to Information and Privacy Professionals.

6. Policies, Guidelines, and Procedures

Internal ATIP Procedures were approved during the reporting year and subsequently updated to reflect organizational changes and the requirements of the new <u>Directive on Privacy Practices</u> (effective October 9, 2024).

Draft procedures are in place to define the responsibility and process for ensuring proactive publication in a timely manner. The final draft of the internal Proactive Disclosure Procedures will be submitted for the Administrator's approval in the coming year.

7. Initiatives and Projects to Improve Access to Information

The updates to the new ATIP Online Management Tool were successfully applied. The tool allows us to retrieve ATIP requests to our institution and to provide responses to requesters.

Information security training continued to be completed by all staff, thereby improving information protection practices. Additionally, optional monthly training sessions are offered throughout the year to promote and facilitate adoption of information management practices. This ensures the appropriate capture of corporate records and improves efficiency and ease of retrieval of the information. This in turn assists the processing of requests under the ATIA. Overall, these sessions were attended by an average of eleven staff members (about a third of the complement) per month.

We continue to improve our information management and information technology practices, which are expected to significantly improve ATIP processes and activities, notably the response to requests. New equipment was provided to staff, and additional IT security measures have been adopted, thereby increasing the protection of the personal and sensitive information held by our institution.

8. Summary of Key Issues and Actions Taken on Complaints

Applicants have the right to file a complaint pursuant to the ATIA and may exercise this right at any time during the processing of their request. No complaints or requests for investigation were received during the reporting year.
